

## 2021 Nominating Committee

---

Thank you to all the 2021 Nominating Committee members for their efforts in procuring qualified candidates to run for the 2021 Board of Directors and 2022 Nominating Committee.

The committee reviewed a current list of voting stockholders, information received from interested parties, and conducted director candidate interviews to determine those that are eligible, qualified and would make the best candidates for either the director or nominating committee positions. The Committee members in voting region 3 held director candidate interviews in the fall of 2020.
