

# Fruit Crop Insurance

At GreenStone, we know that protecting your family, farm and way of life is essential. That's why we offer the experience, tools, and dedicated team necessary for fruit and specialty crop growers to thrive even when adversity strikes. We offer:

- Multiple-Peril Crop Insurance to cover loss of yields from natural disaster
- Crop-Hail Insurance to protect your crops from hail, fire, and vandalism
- A Micro-Farm program to provide risk management for smaller producers

If you're looking for an individualized crop insurance coverage plan for your operation's particular needs, count on our deep understanding of the agriculture industry and dedicated risk management professionals to help you find a policy that's unique to you.

With locations across Michigan and northeast Wisconsin, we're here when you're ready to talk.
